## **After Hours Boarding Agreement**

On the weekends and holidays, Manzanita Animal Hospital is closed. During these times the staff is reduced to a minimal skeleton crew to care for Hospitalized and boarding Pets only. Having such a small staff available during these times makes it difficult to accommodate after-hours admission and discharge. As a result, we generally discourage after hours admission and discharge.

We can make special arrangement for afterhours admission and discharge if necessary. In order to simplify this process we adhere to the protocol as follows.

1. All arrangements and payments are made in advance.  
The animal care technician WILL CALL YOU between these pre-designated times to set up you admission or discharge appointment.
2. After hours admission/discharge will be done at the following times
  - A. Morning between 8-10 am.**
  - B. Evening between 3-5 pm.**
3. In the event of an emergency and you must pick up or drop off your pet- contact our vet on call by dialing the emergency number at (928)753-6138
